Regarding recording votes and comments for curriculum proposals in Modern Campus, a motion was made by Knapp to continue with current voting system (only final vote and comments are recorded on Modern Campus, as they are in the committee minutes), passed unanimously. These will be recorded in Modern Campus by the Chair. We will continue to produce meeting minutes as has been done previously. In discussion on Modern Campus:

- It was requested to post a shared Excel document on box or google drive for leads to record review comments. The Chair will set this up.
- It was requested that Academic Affair set up Agendas on Modern Campus to make it easier for members to filter to only those proposals being considered at the next Courses and Curricula meeting.

EE 4810 - Motion by Parker to Approve, passed unanimously.

EDCI 7129 - Motion by Knapp to Revise and Resubmit, passed unanimously. Proposal includes 2 copies of syllabus in file, remove one. Five Saturday 7.5 hour seminars unusual and does not give a 15 week topic list as a consequence. Can leave 5 seminar format, but need to give example content (such as from previous offerings) that topic coverage justifies a 3 credit hour course (42.5hr, not 37.5). Explain how topics will be varied with offerings given the course is repeatable. Remove covid reference above "Unexpected Changes" policy – policy needs to apply to any unexpected changes. Rounding statement need in evaluation section. Reference PS-22 explicitly in student absence policy section.

EDCI 7460 - Motion by Knapp to Revise and Resubmit, passed unanimously. Grading policy is difficult to follow. Graded activities are described but their relative weights / points are not. And how do activity grades then get converted into competency scores used to determine pass fail? An academic continuity statement is required.

In discussion, the Chair asked members to look over the checklist for the Graduate Council, as they will now be reviewing proposals ahead of Courses and Curricula in Modern Campus. The Chair also noted he will be adding PS-45 discussion for our January meeting, to address the 15 week topic list requirement, including alternate terminology and consideration of alternate mechanisms for final assessments.

Knapp motioned to adjourn; motion approved. The meeting adjourned at 4:01pm.

Respectfully Submitted,

Gerry Knapp (Secretary)
